This is a request for records under the Missouri Sunshine Law, Chapter 610, Revised Statutes of Missouri.

I request that you make available to me the following records:

All invoices from Guin Mundorf LLC covering all services related to the creation of an education record for my child, Reece Koch, titled "Summary of Reece's medical/educational history for 2020-2021."

This education record was created for use during a Section 504 meeting held at the Elementary School on April 19, 2021. The "Summary" was most likely created between the dates of March 22, 2021 and April 19, 2021, and is attached for your reference.

I request that the records responsive to my request be copied and sent to me at the following address: 704 Old Stage Rd, Pleasant Hill, MO 64080.

I request that all fees for locating and copying the records be waived. The information I obtain through this request will be used to stop the school district and board of education from misusing public-school funds for the purpose of obtaining unlawful counsel. It is a matter of public interest that tax-dollars are not used by the district and BOE to conspire with their attorneys for the purpose of interfering with student and parent Federal rights; for example, fabricating education records like the attached "Summary."

Thank you for your prompt attention to my Request,

Michele Koch
